

## Customer/technical services

For any technical or installation queries please contact Vado on 01934 745163.

## Guarantee

This product is guaranteed against manufacturing defects from the date of purchase until the expiry of the relevant guarantee period shown below.

### The guarantee is only valid if:-

1. The product has been installed, used and maintained in accordance with Vado's instructions and subjected to normal use only.
2. The defect is not due to use of an unsuitable or inadequate water or power supply.
3. The defect is not due to accident, misuse, neglect or repair other than by Vado or Vado authorised agents or damage caused by foreign objects or substances.
4. We have received from you the completed Guarantee Registration Form. Vado accepts no responsibility for any forms lost in the post and returns by registered means is therefore recommended.

Under this guarantee (which is non-transferable) Vado will, at its option, repair or replace free of charge any product (or replacement part) found to be defective. The guarantee does not extend to any consequential loss or damage. After repair or replacement the relevant guarantee period will be calculated from the original date of purchase.

### The relevant guarantee periods are:-

1. Twelve years on chrome finish products.
2. Six years on Vado Identity products.
3. Three years on all other products with the exception of Stuart Turner Pumps which carry a 2 year Guarantee on Monsoon Range and 1 Year Guarantee on Showermate Range.

All claims under the guarantee must be submitted in writing to the person who supplied the product to you and must be received no later than the last day of the relevant guarantee period. All claims must be accompanied by proof of purchase (sales receipt or delivery note).

Vado operates a policy of continuous product development and therefore reserves the right to change the product, packaging and documentation specifications without notice.

This guarantee is in addition to and does not affect your statutory rights as a consumer.

## Installation & maintenance instructions

# ZOO

Single function deck mounted shower kit

Please leave these instructions with the customer

## Important - please read

Please read these instructions carefully before starting installation and keep for future reference.

Remove all packaging and check the product for missing parts or damage before starting installation.

Any alterations made to this product and fittings may infringe water regulations and will invalidate the guarantee.

The installation must comply with all Local/National Water Supply Authority Regulations/Byelaws and Building and Plumbing (UK:BS6700) Regulations.

We strongly recommend that you use a qualified and registered plumber.

## Installers/users notes

## Care of the riser rail

Our products are finished to the highest standard and due care needs to be taken to ensure their looks are retained.

We recommend cleaning all products with a soft damp cloth **ONLY** and advise strongly against the use of **ALL** cleaning products i.e. powders and liquids.

If the above instructions are not followed this will invalidate your guarantee in the event of a problem occurring.

To remove any build up of limescale on the shower head, just rub your fingers lightly over the nozzles.

## Maintenance

To ensure a smooth operation, periodically apply a suitable silicone lubricant to the hose. Please note an oil based lubricant should **not** be used.

## Dimensions

## Installation - riser rail

Pull off the cover from the Holder.

Remove the nut, metal washer and rubber washer from the bottom of the threaded tube.

Insert the holder down through the hole in the unit, make sure that the rubber washer is against the top surface.

From the underside slide the rubber washer, metal washer and screw on the nut (removed earlier) and tighten.

**CAUTION:** Do not over tighten the nut as this may damage the unit.

Replace the cover.

Push the smaller end of the shower hose down through the holder.

## Installation - riser rail

Place a rubber washer into the cone at the end of the hose and screw in the handset.

Place the cone into the holder.

Connect the other end of the hose to the supply, the unit comes with an adaptor and washer if necessary.
